**DETAILED ACTION**

***Response to Amendment***

1. Claims 1-27 are pending. The Applicant has canceled claims 28-54.
2. The previous rejection is withdrawn pursuant to Applicant's April 19, 2004 Amendment and REMARKS. However, upon further review the following rejection is imposed.

***Claim Rejections - 35 USC § 103***

3. Claims 1-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Purcell, US 6,081,789.

Purcell discloses a method for providing online access to an intermediary database, e.g. 26-28, electronic commerce and accounting services to organizations, e.g. 21a, 21b, and members, e.g. 41a, 41b, electronically selecting offerings and billing information. The intermediary database inherently comprises billing information. To have provided a consolidated invoice from the intermediary to the organization would have been obvious to one of ordinary skill in the art. The motivation for doing such would have been to implement notoriously well known and common knowledge billing practices used when a consolidated bill has been presented to a customer, e.g. organization.

Also, it is noted that Applicant's concept reads upon the common knowledge concept of several employee of an organization going to a retail outlet over a period of time, e.g. a monthly billing cycle, having a plurality of products of a separate merchant for sale. The employees may have had previous electronic contact with the merchants prior to selecting the product(s) from the retail outlet using the organizations credit/debit card. The employees then purchase (a) merchants product(s) from the retail outlet using the organizations credit/debit card. The accumulated purchases from the credit/debit card are collated by the retail outlet and presented to the organization for payment. This concept is not deemed novel.

4. Further pertinent references of interest are noted on the attached PTO-892.

### *Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 3627

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
